TRUCK, BUS
& HEAVY
EQUIPMENT
BATTERIES

BATTERIES BUILT TOUGH FOR COMMERCIAL CONDITIONS

CENTURY TRUCK, BUS AND HEAVY EQUIPMENT BATTERIES REPRESENT THE LATEST IN PERFORMANCE AND RELIABILITY FOR HAULAGE AND LIGHT COMMERCIAL VEHICLES.

Designed and built in Australia^ to better suit our harsh environment and extreme climate, they deliver what drivers and fleet managers really want – longer life with less down time.

Delivering more than just superior starting power, Century Truck, Bus and Heavy Equipment batteries can sustain constant current loads over extended periods to run on-board accessories for longer.

CENTURY BATTERIES IS AUSTRALIA’S OLDEST AND MOST RECOGNISED BATTERY MANUFACTURER WITH A PROUD HISTORY OF DESIGNING AND MANUFACTURING BATTERIES IN AUSTRALIA SINCE 1928.

Our reputation for quality and innovation has been refined and demonstrated over many decades. In this time we have developed the manufacturing expertise and technical know-how to develop a range of batteries better suited to Australia’s extreme climate and harsh conditions.

Today we pride ourselves in offering our customers a range of market leading products and services which continue to set new standards in technology and performance.

ONLINE BATTERY FINDER

Are you short on time?

Use Century’s online battery finder to quickly and easily find the most suitable battery for your needs.

- 1 Visit www.centurybatteries.com.au
- 2 Key in the vehicle make, model and year
- 3 The online Battery Finder quickly finds the most suitable battery for your needs

† Terms and conditions apply. Refer to individual warranty statement attached to each battery. *Low current draw accessories (shallow cycling).

THE CENTURY BATTERIES DIFFERENCE

CENTURY'S NEW RANGE OF BATTERIES CONTINUE TO BUILD ON CENTURY'S REPUTATION FOR QUALITY AND INNOVATION.

Century Ultra Hi Performance Severe Service batteries are the latest in performance and reliability for trucks, farm and heavy equipment. Incorporating industry leading technology and engineering innovation, these batteries are built to withstand the challenges of Australia's extreme climate, and harsh conditions.

- 1 CAST PLATE**
Thicker, full frame cast plate provides increased strength and lower internal resistance, promoting superior starting power, improved vibration resistance and longer service life.
- 2 ENHANCED PLATE PASTE**
Enhanced paste formulation reduces water loss and improves charge acceptance for superior performance and longer life.

- 3 GLASS MAT SEPARATORS**
The Glass Mat Separator constrains the paste into the plate improving durability and increasing vibration resistance.
- 4 MUD RACK**
Improves plate support for greater vibration resistance and helps prevent short circuits.
- 5 POLYPROPYLENE CASE**
Reinforced design provides durability to withstand shock and vibration.

- 6 CARRY HANDLE**
Ergonomic design provides a thicker grooved carry handle for comfort.
- 7 STATE OF CHARGE INDICATOR**
For on the spot diagnosis of battery condition.
- 8 CAST ON STRAP**
Thicker cast on strap ensures durability and lower electrical resistance for longer battery life.
- 9 LABYRINTH LID TECHNOLOGY**
Advanced double lid to assist in reducing water loss and promote longer battery life.
- 10 PLATELOCK™ TECHNOLOGY**
Combats vibration and damage from rough uneven roads.

Ultra Hi Performance

The clear choice for professional drivers, providing exceptional performance and longer life in heavy haulage applications.

- » Superior performance
- » Improved strength and durability in commercial conditions
- » Enhanced endurance and vibration resistance
- » Designed to combat damage from rough uneven roads^
